## The Comenius school in Germany

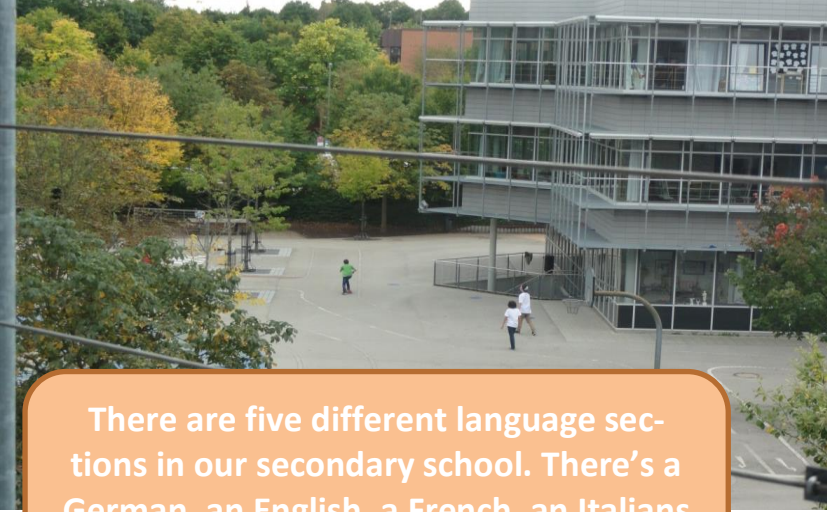

The Entrance of our school is very big as there are over 2000 people in our school.

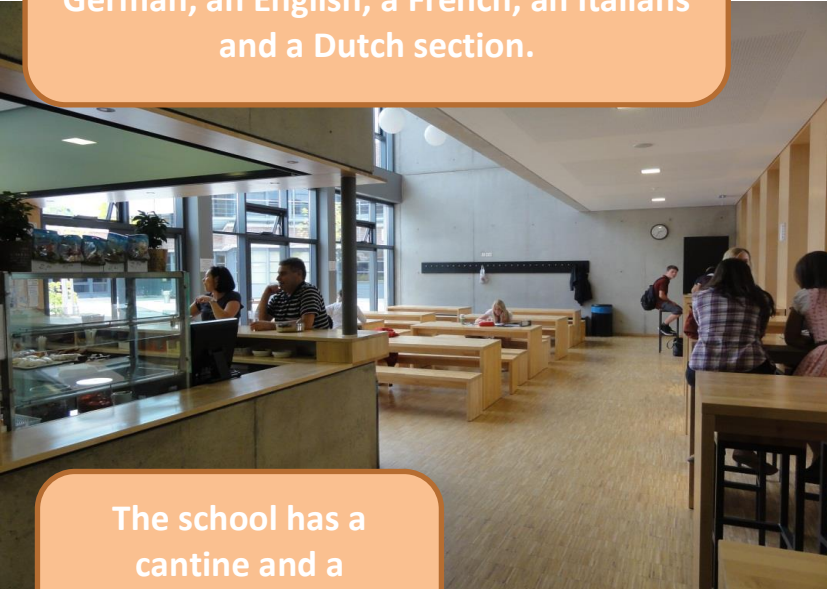

The European School of Munich has two floors and is shaped as three different stars. Every star has a different color. On the first floor every classroom is numbered from 100 and on the second floor from 200.

There are five different language sections in our secondary school. There's a German, an English, a French, an Italians and a Dutch section.

The school has a cantine and a cafeteria where pupils can buy food.

The school also has a library where students can stay during their break and free time.

There is also one Kiosk which is open between 8:20 and 11:50.
